About Uravan Minerals Inc.

Uravan is a Calgary, Alberta based R&D mineral exploration company specializing in uranium exploration. Uravan is focused on pursuing exploration for potential high-grade unconformity related uranium deposits on its joint Cameco-Uravan Boomerang uranium project and its Garry Lake uranium project plus the acquisition of other potential uranium properties or opportunities that may exist. Uravan is a publicly listed company on the TSX Venture Exchange under the trading symbol UVN. Uravan has 26,707,614 shares outstanding and approximately \$9.0 million in working capital. All of the mineral properties Uravan owns are considered in the exploration stage of development.

This press release may contain forward looking statements including those describing Uravan’s future plans and the expectations of management that a stated result or condition will occur. Any statement addressing future events or conditions necessarily involves inherent risk and uncertainty. Actual results can differ materially from those anticipated by management at the time of writing due to many factors, the majority of which are beyond the control of Uravan and its management.
